

COVID-19 Facility Entrance Staff Screening Form

All staff are required to complete the COVID-19 Staff Screening Form prior to or at the beginning of each shift. If you begin experiencing any of the symptoms listed below during your shift, notify your manager, leave the facility and call EARL (or follow the absence reporting process for your area), and seek testing at an assessment centre.

Specific to LTC/AL: Active screening is required as per the guidance in the <u>BCCDC Outbreak Management Protocol</u> <u>for Acute Care, Long-Term Care and Seniors' Assisted Living Settings</u>. A second screening is required approximately halfway through each shift during an outbreak or when on enhanced monitoring.
